

...a once-a-year event on October 9th where you get a chance to celebrate the birthdays of every child who is NEVER ALLOWED to have a birthday. What you do is make as many cupcakes as you can. Then, on October 9th, you hand them all out where you can - church, school, work, your community, wherever. When people ask why, you explain that you are celebrating the birthdays of everyone who never got to have one. Did you know in American, 1 out of every 4 children is not allowed to have a birthday?

If you are interested in getting involved,
